RESPONSE TO NOTICE TO FILE CORRECTED APPLICATION PAPERS

Dear Sir:

The Notice mailed May 2, 2001 has been carefully considered. In said Notice the Initial Patent Examination Division found the drawings provided with the application filed on March 19, 2001 not to be in compliance with 37 CFR 1.84 because of inappropriate margins. Accordingly, applicant submits herewith substitute drawings in compliance with 37 CFR 1.84.

Respectfully submitted,

RESPONSE TO OFFICE ACTION

Dear Sir:

The Office Action mailed June 4, 2001 has been carefully considered. In said Office Action the Assignment Division found non-recordable the Cover Sheet for Assignment Accompanying New Patent Application filed on March 19, 2001. The reason given for such non-recording was that the assignment itself was not submitted with the cover sheet.

While applicant did indeed submit the assignment with the new application on March 19, 2001, it is possible that said assignment may have become attached to the applicant's Declaration and Power of Attorney. Accordingly, applicant submits herewith a copy of the assignment along with a resubmission of the returned papers bearing a stamp with the official date of receipt of these papers under 37 CFR 3.

Applicant believes that this application is now complete and in condition for examination.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'James G. Coplit', is written over a horizontal line. The signature is stylized with large loops and a long horizontal stroke extending to the left.
